UNIVERSITY CENTRE LEEDS. MASTER YOUR CRAFT.

The arts matter and at University Centre Leeds, your art will matter most of all.

Join us and get real experience that can take you to a viable creative career. You'll produce compelling work, learn to captivate an audience and engage with all sorts of like-minded creatives. Our selection of degrees ranges from acting to textiles, meaning we can give you the specialism you crave.

FOUNDATION DEGREES

“SINCE GRADUATING, I’VE BEEN ACCEPTED ON TO THE CREATIVE SKILLSET TRAINING SCHEME. I HAD AN INTERVIEW AT PINEWOOD STUDIOS WHICH LED TO A PLACE ON AN UPCOMING DISNEY FILM.”

- Amelia Calvert, FD Fashion, Theatrical and Media Hair and Makeup

ACTING

Acquire the tools to build your actor's toolbox and become successful in this contemporary industry. Make the most of our exciting industry connections, and use fantastic theatre and stage facilities to refine your practice. Get the best industry insight from practitioners and develop skills like voice work, scriptwriting and stage combat ready for the creative industry.

ART

Whether you're a painter, sculptor, video, sound or installation artist, you'll harness every part of your creative ability and put it to real use, learning how to use your skills in a professional environment.

CONCEPT ART

Let your imagination run wild. If you have a flair for creating characters, creatures and environments, this programme will take your career to the next level. Learn to visualise the ideas that modellers, animators and VFX teams will bring to life in computer games, films, comics and animations.

DANCE

Immerse yourself in an industry-focused intensive training programme. Prepare for a career in dance by creating site-specific work for media, film, CGI, green screen or games and explore somatic approaches and ChiChi circus skills as you express emotions and tell stories through movement.

FASHION AND TEXTILES

Dream of a career crafting couture or styling silhouettes? Our practical fashion-focused degree delivers technical training in creative techniques and processes to allow you to master construction, pattern design, drawing, printmaking, pattern cutting and creation, fashion illustration and digital art forms.

FASHION, THEATRICAL AND MEDIA HAIR AND MAKEUP

Flourish behind the scenes with a creative course that allows you to develop the high-calibre of skills demanded by the competitive industry. Our strong industry links and emphasis on practical learning, prepare you for a successful production career.

FILM AND SCREEN MEDIA

This practitioner-focused programme covers three contemporary strands of the film and screen industries. Through traditional film making, motion design and emerging technologies, this course offers new exciting approaches to production and career pathways.

GRAPHIC DESIGN AND ILLUSTRATION

Transform your creative ideas into digital designs and illustrations. On this course, you'll harness your creative talent, while sharpening your entrepreneurial skills and taking advantage of networking opportunities to develop your vision into a professional business.

PHOTOGRAPHY

Expose yourself to the captivating photographic industry. Study a range of photographic techniques and disciplines such as documentary, fashion, portraiture, fine art and commercial, allowing you to create independent briefs. Benefit from guest talks, practical projects and work-based learning to develop into a versatile photographer.

SCREEN AUDIO

Layer specialist sound composition, recording and editing skills upon a theoretical context. This practical course will ensure you develop a well-rounded understanding of sound as you create sound for the film and games industries, making tracks that spark success.

TOP-UP DEGREES

“THE KNOWLEDGE AND EXPERIENCE THIS GAVE ME WAS INCREDIBLE AND BEFORE THE END OF MY FIRST YEAR, I WAS QUOTING FOR AND SUCCESSFULLY WINNING WORK.”

- Curtis Young, BA (Hons) Photography

ART ENTERPRISE

Collaborate with creative practitioners and captivate an audience as you forge a career as a contemporary artist. This degree is for those looking to emerge in the creative scene as a curator, collector, gallery owner, artist or art entrepreneur. You will refine your practice while learning marketing and promotional skills to support your professional development.

FASHION, THEATRICAL AND MEDIA HAIR AND MAKEUP

Master the backstage Building on your core professional skills, you'll create your own identity, choose your personal specialism and hone your craft as you prepare to enter the fast-paced media makeup industry.

FILM AND SCREEN MEDIA

Focus your vision of becoming a film and screen media professional. This programme allows you to solidify your practice allowing you to zoom towards your dream career. Leverage industry insight and professional product output to identify and maintain your specialism in film and screen media.

PHOTOGRAPHY

Transition from student to professional and develop a photographic skillset that will help take your career to the next level. You'll get access to the best industry insight to help steer your trajectory towards a specialism of your own choosing, sharpening your skills, honing your craft and zooming in on exactly the type of photography you want to be known for.

Our foundation courses are validated by Leeds City College. Our top-up degrees are validated by The Open University. Please contact us for more information.
